- ban on valuables, ban on electrical appliances, with the exception of mobile phone chargers, which we do not recommend for children under 13 years of age

- Everyone will have their parent's number and health insurance card with them

- for children of preschool age or less single children from 1st to 2nd grade, we recommend attending in the presence of an older family member. We consider mastering the clock, personal hygiene and recognizing the right and left side as the basis. The ability to communicate independently with the teacher and the support of parents in this is necessary. In the case of a severe violation of discipline, anyone can be excluded from this event without compensation. As well as leaving at your own discretion. Children are provided with a drinking regime and a functioning kitchen throughout the event, where they can go at any time. We do not recommend taking any other food with you except the plastic drinking bottle. Full shopping bags of chips, sweets and energy drinks, etc.... will be sent back with parents. Minors are not allowed leaving the campus, older only in agreement with the teacher.

We ask all members (also parents of preschoolers) to find at least a few days to pre-exam and take the exams. Especially members without participation in autumn and winter events. Especially the Great Spring is suitable for complete beginners.
